FOR PRESIDENT:

WILLIAM MCKINLEY, JR.,
OF OHIO.

A LIBEL.

On the front page of this week's issue of the BEE will be seen an article from the Literary Digest, one of the most widely-circulated journals in the country, entitled "The Negro in American Politics."

If there ever was an article filled with venom, spite, hatred, and lies, it is this article.

Notwithstanding what the negro has done for the Southern people during the darkest hours of the late rebellion, they are characterized in this article as being worthless, thieves, liars, immoral, etc.

It is said that it is natural for the negro to steal, lie, and do other crimes that white people will not do. You may search this world through, and you will not find a more honest, patriotic, loyal, and moral class of people than the despised negro.

The negro has protected the white people when there was treachery among themselves; the negro was loyal and patriotic to the Southern Confederacy and his white mistress when she was afraid to claim what was her own.

As a soldier the negro was considered the bravest on the field of battle. This is not sentiment, but plain facts which only the demagogue will attempt to deny.

The writer of the article makes wholesale charges, but he has not established one truth by facts or evidence. Any fool may make an assertion, but the question is to prove it.

It is hoped that the readers and patrons of the BEE will read the article, and any reply that is desired to be made to the libel on the negro will be given space in these columns.

HOWARD UNIVERSITY.

The BEE is of the opinion that it is worth while investigating the methods resorted to by colored professors of Howard University. There is a desire on the part of some one in authority to have colored men displaced and white men put in their places. There are several colored trustees on the board of Howard University, but it seems that the president has gotten some of them laboring under the wrong impression as to his real motives.

It is the duty of the colored trustees and those who are friendly to the negro to see that no more colored men are removed from the institution, and that Prof. J. M. Gregory be reinstated.

The removal of Prof. Gregory is looked upon with a great deal of suspicion by the press of this country. It is hoped that the colored trustees will look into this matter at once.

It places the colored trustees under a cloud of suspicion, and unless something is done to right the wrong that has been inflicted, and that at once, the colored press and the people will declare before Congress that the university is conducted against the colored people, and that they want either a colored president or no more appropriation for the university and a surrender of its charter.

DISTRICT DELEGATE.

The importance of this subject to the people of the District largely accounts for the intense interest felt by all classes in securing proper representation in the next National Convention. There are numerous aspirants ready and willing to go, but do the people want them? The man who goes to the Convention, will be sent, they will be selected because of their fitness to perform the service deemed necessary to the well being of those who send them. Heretofore the man most anxious to go, whose personal interest prompted his persistence and urged him on, who was willing to put up a sufficient sum of money to mollify the leaders usually succeeded in going as the National Representative of the District. This will account for the fact that to-day we are without a single representative in any of the higher offices of the District. Formerly we held Assessor of Taxes, Collector of Taxes, Market Master, Assistant District Attorney, Treasurer of the District, Register of the District, Deputy Marshal, Police Court, Weigher of the hay scales, Deputy Warden of the Jail, Inspector in the Health Department, Assistant Superintendent Street Bureau, Police Commissioners, Fire Commissioners, and many other officers too numerous to mention. It will doubtless be said that many of the offices have been abolished, true! but the powers were transferred, and we find some of our people exercising them. The man to send to the Convention, is he who offers the most reasonable chance of restoring to us the lost prestige in District affairs that has been so ruthlessly taken away, and we were powerless to prevent or affectually protest against its continuance.

THE SCHOOLS.

There seems to be a great deal of interest manifested this year in the public school trustees of this city. There is no end to candidates. Every pothouse politician and street corner lounge can be seen and heard discussing the situation. The appointment of these trustees come directly under the supervision of Commissioner J. W. Ross. Commissioner Ross knows the needs of the schools and knows also the kind of material there is necessary to go on the board of school trustees.

He knows also that the men that he will select will be of high moral character. They are men of education and sound executive ability. Of course there are candidates for the trusteeship, who would make better cornfield hands or laborers on the streets than they would school trustees.

While it is no disgrace to be a laborer, it is certainly preposterous to put a man on the school board who would make a better street digger than he would a school trustee.

If there is to be a change in the personnel of the school board the BEE is confident that Commissioner Ross will appoint good men.

SENATOR QUAY VICTORIOUS.

Like Caesar of old Matthew Stanley Quay, came out victorious in his contest for leadership in the State of Pennsylvania.

It is a hard task to down a good and brave man.

Senator Quay is one of the most loyal men in the republican party. Notwithstanding the power of the great local administration behind him, Governor Hastings was defeated.

Dave Martin who won a temporary victory over Senator Quay some few months ago is now a thing of the past, no man can be ungrateful to his benefactor and succeed. No man who has been placed in command of all the political forces in Pennsylvania as Dave Martin, would be allowed to use the machinery against his benefactor.

Quay has won, and the BEE extends to him its congratulations.

Sentiment is good sometimes when the question is all one way.

SCHOOL PREJUDICE.

The property owners in the vicinity of Miner School are using every effort to prevent the Commissioners from allowing the colored children in the Stevens School from using the Miner building while the Stevens School is undergoing repairs. The temporary occupation of that building would not invalidate property in that vicinity any more than the occupation of the schoolhouse on Massachusetts avenue by white children. There are some white people in this community who at some time find a negro good enough to eat at the table with them, and other times, no matter what distance the negro is from them, the very sight of him will tend to depreciate property. Strange that Mr. T. F. Schneider, who is making all of the opposition, found the negro so valuable sometime ago.

The Commissioners will certainly pay no attention to their protests.

GLEASON AHEAD.

In the contest for delegate for this city, the number of votes sent in this far are 284 of which Mr. Andrew Gleason has received 150 and which Mr. R. H. Key 100.

The contest is expected to be very lively and interesting. The gold head came that the BEE will present to the candidate who receives the highest number of votes from now until December 21, will be on exhibition next week, either at the BEE office, or at some popular place down on the avenue. Friends of the candidates can secure coupons at any of the places published in this week's BEE.

Howard University is getting away from the negro. Colored professors are being displaced and white men are being appointed in their places.

The public schools of this city could be better managed if the offices of supervising principals were abolished.

The opinion of the trustees is that the supervising principals are unnecessary officers.

There are men who are candidates for delegates for the next convention on sentiment.

The delegate contest is getting quite lively and interesting.

The politicians are looking for the boodle.

What has become of the McKinley boom and the McKinley League?

MAJOR FLEETWOOD TESTIFIES.

Editor of the BEE:
 In your issue of August 24th reference is made to one of the many graceful acts of courtesy received by myself and others of my command from Col. Wm. G. Moore, as commandant of the Washington Light Infantry Corps, the occasion referred to being a reception held at their armory on the occasion of a special inspection of the command by Maj. Ward, asst. adjt. gen. U. S. A., which was witnessed by a majority of the gentlemen most prominent at that time in official and civil circles. The courtesy of an invitation was extended to myself as commanding officer of the Washington Cadet Corps, to my then adjutant, Lieut. Judd Malvin, and to my senior Captain Arthur Brooks. All through the evening Col. Moore personally interested himself to see that every courtesy extended to other guests were shared by ourselves at the same time, in the same place and manner. During the time of our acquaintance, extending over now the past fifteen years or more, I can testify to an unbroken series of courteous and friendly acts as soldier and citizen that have won my sincere regard.

I am glad to see that his true worth and fairness is at length finding appreciation and expression from those who not knowing him as well have misjudged him.

While true to the political faith with which he is identified, his acts will show that he thinks even where there is a difference in politics or complexion, "A man's a man, for a' that."

C. A. FLEETWOOD.

Mr. J. W. Taylor, whose advertisement appears in this week's issue of the BEE, is doing very good business at 906 Eleventh street n. w. He has with him one of the best and most competent artist in the city, Mr. Peter W. Streets. If you want a first-class hair cut and shave go to that shop.

MRS. HALLIDAY TRIES AGAIN.

SHE ATTEMPTS A FOURTH LIFE IN THE MATTEAWAN ASYLUM.

Helped by Convict Jane Shannon, Another Homicide, She Attempts to Strangle Catherine Ward, an Attendant—Miss Ward was Alone in the Bath-Room when They Pounced Upon Her—She Finally Got the Door Open and Secured Assistance—Marianne Wanted to Go Back to Prison.

New York, Sept. 2.—A special from Fishkill says: The tigerish instinct to slay which prompted Lizzie Halliday to take the lives of her husband and her daughter, and her servant has again broken out. This time her intended victim was Miss Catherine Ward, a comely, intelligent, altogether attractive young woman who is employed as an attendant in the Matteawan State Asylum for the Insane, where Mrs. Halliday is likely to remain looked up for the rest of her days.

Mrs. Halliday's attempt to murder Miss Ward, in which she was aided by Jane Shannon, another convict, was made on Friday. Every effort has been made by Dr. Allison, the superintendent, to recover lost or stolen property. She changes misfortune into good luck, tells you how your business transactions will turn out and how to make them successful. She predicts important events.

Again, remember that all she claims she can prove: one trial will convince you. She does not know of a case of any one ever coming out: that did not seek the supernatural advice a second and third time, and often weekly. All she asks is one visit the rest will follow.

If you cannot come, send \$1.00, and know something of what the fate of fortune has in store for you. Christ when on earth was a forecaster. A predictor of coming events, both good and bad. He told truths, but that did not always his counsel.
